

Type	EE measures
<p>Production related equipment</p> <p>Equipment and Measures (any equipment that consumes energy, that will improve work processes and will upgrade the business and that generates energy savings, which will reduce the energy supplied by the grid)</p>	<ul style="list-style-type: none"> • Sewing machines • Weaving equipment • Ovens, stoves, fryers at least A+ • Equipment used in hairdressing and beauty treatment (A+ or equivalent (to be checked by program engineer) • Refrigerators for production and retail at least A+ • Chilling cabinets COP 1.613 or higher • Chilling counters with COP 1,390 or higher • Hot water cylinders, at least C • Washing machines and dryers at least A+ • Milking equipment and refrigerated storage • LED Lighting lm/W 66.875 or higher • High Pressure Sodium Lamps lm/W 61.731 or higher • Compressors Wh/Nm3 115.763 or lower • Electric Motors IE Class 2-4 • Water pumps with minimum efficiency index 0.1 or higher • Drip irrigation system • Small solar green houses (grant level permitting) • Solar panels (grant level permitting) • Etc.
<p>Additional provisions, eligibility Rules</p>	<ul style="list-style-type: none"> • First Installations are eligible (i.e. not only replacement of equipment). E.g. if an applicant from Group 1 can demonstrate that she has the skills and a viable sales plan for e.g. setting up a sewing workshop, the first-time purchase of a sewing machine is permitted. In that case the energy saving will be calculated against a calculated baseline of typical installations in Kosovo.
<p>Building / premises related EE improvements</p> <p>Equipment and Measures</p>	<ul style="list-style-type: none"> • Insulation with W/(m-K) 0.045 or lower • Windows/doors with W/m²K 1.779 or lower • Heat Pumps Minimum COP 3.2 or higher • Air Conditioners at least A+ • Heating Boilers with 81-85% efficiency or higher with r without water cylinder storage • Solar Water Heaters with 75% efficiency or higher • Heat Recovery systems • Etc.
<p>Additional provisions, eligibility Rules</p>	<ul style="list-style-type: none"> • For any investments relating to non-removable equipment (insulation, windows, doors, etc.), applicants should either own the building or be able to produce a rental contract with at least 5-year duration.
